EVENT OVERVIEW

Garfield Park Conservatory Alliance Board of Directors together with the Illinois Craft Brewbers Guild will welcome guests to the 10th BEER UNDER GLASS event for an evening celebrating Spring at the Conservatory and the official opening of Illinois Craft Beer Week.

Guests can sample the craft beers from 110 Illinois brewers and purchase food from Chicago’s favorite restaurants and food trucks. Food and beverage will be set up throughout the Conservatory’s indoor showrooms and expansive outdoor gardens.

BUG is the largest fundraising event of the year at Garfield Park Conservatory with sponsorship and a share of the ticket proceeds supporting the Alliance’s programs and services serving nearly 250,000 visitors. Thirty percent of our visitors are children and families from our immediate West Side community.

WHAT YOUR SUPPORT MAKES POSSIBLE

Your event underwriting support helps fund our Morning Glories, Fiddleheads and Wild Wednesdays programming for young children. Because of your support, we offer lectures, classes and workshops on plant propagation, native trees and plants, beekeeping, composting and worm bin production training.

Thank you for considering 2019 Beer Under Glass event sponsorship. Your investment in Garfield Park Conservatory Alliance has a significant impact on our ability to provide programs and activities helping visitors of all ages learn about plants. Plants clear our air of CO2, they provide us with nourishment and beauty and they generate the oxygen we need to survive. All life on earth depends on plants.
