

Guidelines for your visit to the gardens of the Garfield Park Conservatory

In partnership with the Chicago Park District, the Mayor's Office and the state, the Conservatory is complying with guidelines and directives due to COVID-19 and implementing new business operation protocols. Please read the following rules all visitors and staff will maintain while at the Conservatory. All visitors will need to book a reservation to ensure we comply with capacity limitations.

Masks are mandatory

Face masks must cover your nose and mouth.

Visitors must wear masks throughout their entire visit.

Exceptions made for children under the age of 2 and people with medical conditions or disabilities that prevent them from safely wearing a face mask.

Keep a safe distance

Physically distance yourself from others not in your party.

Six feet markers will be placed in certain locations to help show how far to distance yourself.

Capacity is limited to ensure visitors can maintain at least 6 ft from other visitors or staff.

Please no eating or drinking during your visit

To reduce the need to remove masks while inside, there is no eating or drinking.

There are no tables or benches available throughout the one-way indoor route.

Masks may be removed for outdoor picnicking.

Minimize touch

Please minimize touching the plants and surfaces throughout the Conservatory.

Hand sanitizing stations will be located throughout the one-way route.

The long path of the Elizabeth Morse Genius Children's Garden (including the slide, dig pit and giant seed) is closed.

Pre-Visit Self Wellness Check

If you are not feeling well, please cancel or reschedule your visit. Changes can be made up to one hour before your visit.
